Idyllic islands bordered with crystal-clear waters, coral reefs sheltering an exceptional underwater world, lush jungles home to a rich biodiversity, volcanos and mountainous terrain sculpted by erosion...in the heart of this nature, set off on an exceptional voyage following in the footsteps of the great explorers.

1 - Machu Picchu, Peru

2 - Patagonia

3 - *Le Champlain* in the strait of Breves, Amazonia, Brazil

Regions *in the spotlight*

The Andean Cordillera

Running more than 4,350 miles along the western coast of South America, from the Caribbean Sea to the Tierra del Fuego, the Andean Cordillera is the longest continental mountain chain in the world and one of the highest. Sailing along these legendary rocky formations will lead you to the gates of the most beautiful sites in Ecuador, Peru, and Chile. Between vast deserts, colonial cities lying at the bottom of magnificent valleys, and snow-topped summits overlooking sumptuous fjords, the Andes will reveal their countless natural wonders. Venture into the Elqui Valley, a mountainous winemaking region. Deep in the heart of the Andean mountain chain, the contrast between the arid slopes, the green agricultural plantations, and the blue of the sky is remarkable and makes the valley one of the most beautiful of Chile. Machu Picchu is another must-see. The famous “Lost City of the Incas” is perched in the heights of the Andean Cordillera at an altitude of over 7,000 feet. It is literally a breathtaking sight.

Patagonia, a land of contrasts

Set off to discover Patagonia, from the arid plains of the Atacama Desert to the vast verdant expanses of the Argentine pampa, via the sheer reliefs of the Andean Cordillera and the magnificent fjords, lakes, and glaciers of Tierra del Fuego. The region, which stretches from Chile to Argentina, is reputed for its spectacular panoramas, pristine spaces, and extreme climate. You will have many opportunities to set out aboard our Zodiac® dinghies to get as close as possible to this untamed natural world, where the presence of human beings is almost imperceptible.

The Amazon rainforest, an aquatic labyrinth

Despite its image as an impenetrable land, the Amazon can be reached even by a lay explorer. Aboard your small luxury expedition ship, journey deep into the heart of this green paradise. Tribes are living here, far from any contact with the city, in harmony with nature. You might be able to observe some of the endemic species such as caimans and iguanas or large, easygoing beavers, which will appear at the surface of the water. The boto, or freshwater dolphin, is easily identifiable thanks to its magnificent pink color. Curious and playful, it may well seek you out, unless its spotlight is stolen by the mischievous capuchin monkey. Through the dense branches of the mangroves, keep an eye out for the bright macaw, toucan, and scarlet ibis.

The Caribbean, archipelagos sitting atop a turquoise sea

Magical islands, an idyllic setting, and a gentle way of life... We invite you to chart a course towards the Caribbean, like scattered pearls showcased against turquoise water. How can you resist the charm of these picture-perfect islands, where the golden beaches lined with coconut trees hug the gentle waters, and where time seems to stretch on to infinity? Here the sea is everywhere. In the south, it outlines the curves of the beaches and palm trees, while in the north it is topped with white spray to splash at the foot of volcanoes. The Caribbean Sea is truly a paradise for divers, offering an exceptional coral reefs and multicolored fish. Discover Dominica, Martinique, or Saint Vincent and the Grenadines, all ports of call offering both natural beauty and an interesting history.

The Sea of Cortez

To the south of California, a slim desert peninsula advances into the Pacific Ocean, scorched by the sun, a timeless landscape of canyons and cacti. This “Baja California” forms the boundary of the Sea of Cortez, scattered with some 200 hilly islands and islets, formed from red volcanic rock that plunges into the incredibly transparent turquoise sea. But it is the breathtaking richness of its aquatic wildlife that earned the Sea of Cortez its listing among the UNESCO World Heritage sites. Whether diving, traveling in Zodiac® landing craft, or observing from the outer decks of your ship, admire the ballet of the playful sea lions and pelicans, try and spot some whales, and keep an eye out for sea turtles and the silvery flashes of immense shoals of anchovies.

Covering some 2,300 square miles and listed as a UNESCO World Heritage site, this small and isolated corner of paradise hides much unexpected beauty. Aboard local *cayucas*, come and meet the indigenous Emberas community, which still lives cut off from the world, hunting, fishing, cultivating the land, and producing colorful crafts. In Costa Rica, Manuel Antonio National Park will reveal birds, monkeys, and iguanas.

Belize - the Blue Hole

Once the lair of pirates and smugglers, Belize is considered to be a veritable Eden. From your port of call at Half Moon Caye, we invite you to set out to discover the mysterious Blue Hole, situated in the middle of the Lighthouse Atoll. This ancient limestone cave submerged by the ocean forms a perfect circle protected by the barrier reef. The Great Blue Hole was made famous by Jacques Cousteau in 1972. PRE-COLUMBIAN CIVILIZATIONS

Chichén Itzá

Jewel of the Yucatan peninsula, the archaeological site of Chichen Itza is without doubt one of the most beautiful testimonies of Maya civilization. Founded around A.D. 450 by the Mayas then governed by the Toltecs, this ancient sacred city was discovered by Europeans in the 19th century. Today this UNESCO World Heritage site is considered one of the Seven Wonders of the World. Discover the Castillo, a huge stepped pyramid that is considered to be the emblem of the site, the temple of Warriors, the observatory, and the ball park.

The Pyramids of Tikal

Your ship will lead you to the port of Puerto Quetzal, gateway to one of the major sites of Mayan civilization: the pyramids of Tikal. Buried in a dense and mysterious forest are the imposing vestiges of a vanished culture. Tikal's ceremonial center includes superb examples of temples, palaces, stela, and sacrificial alters. Visit the Temple of the Great Jaguar, the Temple of the Masks, and the Great Plaza, where the Maya made sophisticated astronomical observations.

Cuzco and Machu Picchu

"Machu Picchu is a journey to the serenity of the soul, to eternal merging with the cosmos...another miracle." —Pablo Neruda

Journey to the ancient city of Cuzco and the archaeological site of Saqsaywaman, an imposing fortress overlooking the Sacred Valley. From here, we will ascend to an altitude of more than 7,972 feet in the Andes Mountains to reach Machu Picchu, the Lost City of the Incas. This marvel of pre-Columbian architecture is a sacred relic of the Inca Empire, and it remains an enigma for archaeologists.

Chan Chan and the Pyramids of Moche

Seize the opportunity to discover the Chimú and Mochica civilizations of modern-day Peru. Chan Chan is the former capital of the Chimú kingdom and the largest adobe citadel in pre-Colombian America. It has been declared a World Heritage site by UNESCO. Stretching over more than 17 miles, the ruins of this immense city reflect the rigorous social and political organization of a society that had reached its peak; its mastery of irrigation was particularly developed. Further on you will admire the Moche pyramids—the Huaca del Sol and the Huaca de la Luna—decorated with colorful frescoes.

INTIMATE ENCOUNTERS

Amazonian Indians

Entering Amazonia means discovering a very rich indigenous culture. Set off to meet Amazonian Indians, the last guardians of an ancestral tradition. Not far from Santarem, in a village in the very heart of the tropical forest, you will be welcomed by a family who will show you how they make cassava flour, the staple of the regional diet. You will also watch the original techniques for extracting latex from the rubber tree, and familiarize yourselves with the plants used in making traditional medicine.

The Embera People

At the heart of Central America lies Chagres National Park, accessed only by *piragua*, or dugout boat. As we journey upriver, a village emerges from the vegetation, its denizens welcoming us with traditional dances. The Embera Indian tribe is a proud people who have successfully preserved their ancestral way of life, which pre-date the colonization of the region by the Spanish.

- 1 - Young boy and his tamed parrot, Amazonia
- 2 - Embera girl, Darien Park
- 3 - Aymara girl in traditional costume

The Peoples of Chile

Multiple identities mingle in Chile. Before the Spanish conquistadors swept the country, it was inhabited by numerous indigenous tribes, some of which—such as the Mapuche and the Aymara—are still very much present today. Chile's history is marked not only by colonization, but also the integration of waves of immigrants from Europe (French, German, and British in particular), which has contributed to making modern-day Chile a unique mix of cultures. Go out and meet these warm, hospitable people; they will introduce you to their many customs and their folklore. The cheerful local markets provide a means to fully immerse yourself. Alongside culinary specialties, you will find countless handcrafted objects including the *chamanto*, a poncho traditionally worn by *huasos*—Chile's cowboys.

The Kuna Indians

In the San Blas Islands, the Kuna Indians will share their centuries-old history. The origins of this warrior tribe remain uncertain, although it would seem that their lineage can be traced back to the Mayans and the Amazon Indians. Friendly and proud of its culture, this Amerindian ethnic group still lives from hunting and fishing, and travels by dugouts between the islands scattered with palm trees and mangroves. Admire the *molos*, multicolored fabrics fashioned by the women, and the heavy bracelets covering their arms and legs.

Alter do Chao

Discover the small village of Alter do Chao, whose beaches are reminiscent of the Caribbean. Nestling in a hollow sculpted by the River Tapajós, the charming locality is home to sumptuous stretches of white sand, surrounded by turquoise blue water and lush tropical vegetation: an enchanting setting that, with the river's changing water levels, transforms to make way for a huge flooded forest. Inland, Mount Morro offers sublime views over the river and the jungle, and is an ideal spot from which to admire the sunset.

Santarem

Established at the confluence of the Tapajós and Amazon Rivers, the city of Santarem flourished for a time during the rubber boom, then sank into oblivion when the "soft gold" industry eventually went bust. Santarem's economy is now Amazonia's third biggest city after Manaus and Belem, and has regained some momentum thanks to soybean cultivation and tourism. Renowned for its forests, Santarem offers a wonderful opportunity to discover the Amazonian ecosystems.

With its charming beaches of fine sand, its turquoise waters home to brightly-colored marine life, and its many bays surrounded by deep green hills, Bequia is undoubtedly one of the most beautiful islands in the Caribbean. The Caribbean & French Guiana

The Salvation Islands

Lying off the coast of Kourou, the Salvation Islands were once known as the “Islands of the Devil” because of the strong sea currents that made access to them perilous. They were also the infamous site of a harsh jail where Alfred Dreyfus was exiled and from which Henri Charrière escaped (as recounted in his book *Papillon*). Today they are a peaceful place where coconut palms cast shade over the crystal-clear waters. Visit the prison remains that are still visible, including cells and an abandoned hospital.

Trinidad and Tobago

Trinidad and Tobago form a veritable tropical paradise off the coast of Venezuela. Conquered by Christopher Columbus in 1498, the islands were successively ruled by the French, Dutch and British, leaving them with a unique culture. In Trinidad, the larger of the two islands, the aromas of mangos, lemon trees, and sea spray perfume the air, while the azure water contrasts with the pinky beaches and the tropical rainforest. From Port-of-Spain, don't miss a visit to the Caroni Bird Sanctuary, and try to spot the rare protected Scarlet Ibis, Trinidad's national bird.

Soufrière

Saint Lucia offers visitors a luxuriant and wild nature, long fine-sand beaches, and two volcanic peaks listed as UNESCO World Heritage sites. Discover its town of La Soufrière. Here, the thick mantle of greenery and the spicy scents of the rainforest give way to a lunar landscape, with fumaroles and steam jets shooting out of the ground provide proof that this imposing volcano is still very active.

Cartagena

Founded in 1522 by Spanish conquistadors, Cartagena has preserved its rich colonial past. The city was the site for storing the gold looted from the Aztec and Inca empires before it was taken to Spain, and as such was also frequently the target of pirates and privateers. Declared a UNESCO World Heritage site, Cartagena possesses a romanticism of narrow streets and colorful façades. Set sail in the footsteps of the Spanish sailors who conquered Central America and relive this page of history during your stopover here.

Jewels of the Caribbean

The British Virgin Islands

Natural & Cultural Wonders of the Western Caribbean

Quiriguá National Park

From Santo Tomás de Castilla, set off to discover the famous Mayan archaeological site of Quiriguá. Listed as a UNESCO World Heritage site since 1981, this place takes you back in time, deep into a décor of ruins and vestiges from the 8th century. Palaces and pyramids, sanctuaries, steles, altars and zoomorphic sculptures are some of the wonders you'll find hiding among the lush vegetation. The site stretches out over some 74 acres and provides exceptional evidence for the study of this mysterious civilization, which continues to confound historians and scientists around the world.

Livingston

Livingston is a town unlike any other in Guatemala, an enclave with a Caribbean atmosphere on the edge of the Rio Dulce. *Lanchas*, the motor boats that travel along the river and the Caribbean Sea, are the only way of reaching this small, welcoming town with no overland access to the rest of the country. Here, you are in Garifuna country: the inhabitants, descendent from Jamaican slaves, perpetuate their culture through oral tradition and ceremonies. Garifuna music, which sounds similar in some respects to reggae, and Garifuna dance have both been classified by UNESCO as "Masterpieces of the Oral and Intangible Heritage of Humanity".

Maya Treasure of the Yucatán

The Cenotes of Yucatán

From the beautiful white-sand beaches of Progreso, don't miss one of the natural wonders of Yucatán: the cenotes. Strange and mysterious or even mystical, their beauty fascinates travelers. Formed thousands of years ago by meteorite impacts, the spectacular cenotes filled with fresh water. Some even connect to the sea. The sun is discreet here and reveals the infinite nuances in the water, shifting from deep cobalt blue to soft turquoise green. Once regarded by the Maya as passageways to the world of the gods and the dead, these majestic cavities were the theater of many sacred rites.

Palenque

Tucked away amid the dense vegetation of the Chiapas forest, the ancient Mayan city of Palenque reveals itself through the mist. A mysterious, almost magical atmosphere reigns over the temples and palaces, vestiges of this ancient city's golden age. The UNESCO-listed Palenque sanctuary is a remarkable example of Mayan art due to its fine and delicate architecture. It is also one of the best preserved sites in Mexico. Located on the northeast coast of Panama, the San Blas archipelago is a string of coral islands that grace the heart of the Caribbean Sea. Over 300 islands and cays covering an area of 115 square miles offer travelers a multitude of treasures. The long sandy white beaches bounded by crystal-clear waters invite relaxation amid incredible marine fauna. They are also our departure point for the Kuna Indian community. A tribe of hunters and fishers, they will welcome you to their villages.

At the Caribbean entrance of the Panama Canal, discover Colón, the second-largest city in Panama. Founded in 1850 by Americans working on the Panama railroad, the city rapidly overshadowed the older Caribbean ports of Panama when the canal opened. Colón is today an important port, and the free trade zone created in 1953 contributed greatly to the development of the city. It is also an excellent access point for visiting the Miraflores Locks and discovering the bustling city of Panama.

Treasures of Central America

Herradura

Herradura takes its name from the horseshoe form of its bay, covered in lush tropical vegetation. This small town is surrounded by national parks that protect a rich variety of fauna and flora. When *Le Boréal* calls here, journey in small covered boats along the Tarcoles River, whose banks are home to crocodiles and iguanas. This mangrove also hosts the flamboyant Scarlet Macaw, striking in its red, blue, and yellow plumage.

Acajutla

A former indigenous village and the location of the first battle fought by the Pipils during the Spanish conquest, Acajutla is now a favorite entry point for accessing El Salvador's major pre-Columbian sites, such as the Mayan ruins of Tazumal or the UNESCO World Heritage site of Joya de Cerén. This pre-Hispanic community was buried under ash after a volcanic eruption in the 7th century. Today, it offers visitors almost intact vestiges of daily life at that time: dwellings, kitchens, public baths, tools, and more.

Natural & Cultural History of Central America

Panama Canal

Experience a passage that has inspired adventurers since the 19th century: sailing the Panama Canal. Its construction started in 1880 under the direction of Ferdinand De Lesseps. Abandoned then resumed, this marvel of engineering was completed by the United States in 1887 and opened in 1914. The canal crosses the Isthmus of Panama and links the Atlantic to the Pacific. Three levels of locks raise ships to the level of Lake Gatun, almost as if the water was an elevator, and allows them to avoid having to round Cape Horn.

Curú Wildlife Refuge

On the southern part of the Nicoya Peninsula, the small Curú Wildlife Refuge is the oldest protected park in Costa Rica. This refuge has been at the heart of recent conservation and sustainable development projects. It is now an exemplary ecotourism site and research center. After a short Zodiac® trip, you will discover, via the paths that criss-cross the tropical forest and lead to magnificent beaches, the most emblematic species of Costa Rica: monkeys, iguanas, and over 200 kinds of birds. Since their recent reintroduction, the scarlet macaw and the white-headed munia have thrived in this preserved environment.

The Nazca Lines

Take a flight over the enigmatic and mysterious Nazca Lines. The 174 square miles of archaeological enigmas will surprise you with their size, content, and sheer quantity. The drawings represent living creatures such as lizards, monkeys, spiders, and whales as well as geometric figures. They were discovered in 1926 and can only be seen in their true splendor from a certain altitude. Many scientists have puzzled over the origin of the Nazca Lines and, to date, no truly satisfactory answer has been found.

Arica

Located at the gateway to the Atacama desert, Arica, the northernmost town in Chile, is popular for its beautiful beaches and its rich historical sites. It was the theater for one of the most famous episodes of the War of the Pacific, when Chile took possession of this paradise. Between long white sandy beaches edging the Pacific, geoglyphs, arid valleys in the foothills, fertile altiplano, and dormant volcanoes, discover this amazing city once inhabited by the Chinchorro people and then by the Incas.

Adventure in Patagonia

The Strait of Magellan

This mythical strait that separates South America from Tierra del Fuego awakens our imagination, stirring up a longing for adventure. Follow in the footsteps of the Portuguese explorer Ferdinand Magellan. Cruise along the 375 miles separating the Atlantic Ocean from the Pacific, observe the tides and the currents, and discover the many wild birds—such as oystercatchers and steamer ducks—that populate this remarkable zone.

Cape Horn

Discover the crucial passage sailors call “the Horn”. This legendary cliff stands some 1,400 feet tall and is the most southerly point of the lands attached to South America. *Le Soléal* will sail around the characteristic silhouette. Weather conditions permitting, you will disembark at the foot of the cape and climb up wooden steps to the imposing memorial dedicated to all the sailors who lost their lives rounding the cape. A solemn atmosphere reigns over this intensely wild land surrounded by a fierce and powerful ocean.

In the Heart of the Chilean Fjords

Quemchi, Chiloe Island

In Chile's Lake District lies the small fishing port of Quemchi, Chiloe Island. With its authentic charm, its pretty wooden houses, its narrow streets lined with small shops, and its fish market, this faraway village is sure to win you over. Visit the museum dedicated to Francisco Coloane, the famous Chilean author and adventurer born on this southern land. Another small island called Isla Aucar is accessible via a wooden footbridge. Here you can catch a wide variety of birds and discover a magnificent botanical garden that boasts the region's endemic plants.

Beagle Channel

At the extreme south of the continent, the Beagle Channel separates Isla Grande de Tierra del Fuego from a multitude of smaller islands, the last of which forms the majestic promontory of Cape Horn. The northwest branch of the canal is known as Glacier Alley. It is a succession of high walls of ice that finish their journey in the salty seawater. Each glacier has its own personality and name: the Dutch, the Italian, the French, the German, etc. The combination of the forces of nature on display, the colors ranging from white to blue, the cracks as the sheets of ice collapse into the sea—all this forms a captivating spectacle.

Fluid lines, streamlined bow: the exterior lines of our ships reflect the spirit of a subtly revisited nautical theme.

Aboard, our guests truly enjoy the relaxed elegance of the atmosphere, luxury amenities and service. Join us for a different, exclusive new type of cruise.

Welcome aboard!

Luxury Cruising, PONANT Style

With PONANT, access the world's treasures by sea aboard luxurious limited-capacity small ships. An expert crew, attentive service, and fine cuisine combine to promise rare and special moments. Embark on an immersive and refined travel experience.

Limited-capacity ships, personalized service

Our ships are designed to accommodate a limited number of guests, with just 92 staterooms and suites on our PONANT EXPLORERS and 132 on *L'Austral*, *Le Boréal* and *Le Soléal*. This focus on a smaller number of staterooms is a far cry from the current industry trend towards gigantism and guarantees an aura of exclusivity for our guests. Because our ships are smaller, they can easily access less-crowded ports of call.

Just like on a private yacht, our crew are determined to give each guest attentive and personalized service. And for even more comfort and peace of mind, guests traveling in some suites will have a butler at their disposal.

The French Touch

PONANT is currently the only cruise line to sail under the French flag and as such is subject to some of the world's strictest safety standards. Our officers are French and our highly approachable crew is bilingual. All announcements and presentations are made in both French and English.

PONANT extends this "French Touch" to the design, decor, service and gastronomy. Our carefully-selected partners represent and perpetuate the French standard of excellence. Enjoy relaxed elegance in a luxurious environment, whatever your destination.

A journey to the land of flavors

Whether you are having breakfast among friends with the horizon as special guest, a sun-kissed lunch on one of our exterior decks, or a delicious dinner prepared by our talented chefs in our elegant restaurants, you will enjoy our refined and varied cuisine, served with a selection of wines presented by our expert sommeliers.

PONANT joins forces with Ducasse Conseil, the catering center run by Alain Ducasse Entreprise, for onboard menu collaboration.

On board, great food takes centre stage, paying tribute to the French culinary tradition in a setting that is worthy of the finest restaurants.

Ecuador program: A medical certificate is recommended for people with breathing or heart problems. In Ecuador, the city of Quito is at an altitude of around 2,850 metres / 9,350 feet.

Galapagos program: The average temperature in the Galapagos Islands at the time of our visit is around 30° C with scattered showers. Because you may have to wet your feet to go ashore, suitable shoes must be worn. Snorkeling equipment is available for hire on site, however if you have a prescription mask, please do bring your own. Remember to bring your binoculars and a camera (preferably waterproof) to document your swims. During this program you will walk on volcanic soil, which can sometimes be slippery. This program is not suitable for the mobility impaired. We strongly advise seeking your doctor's opinion before joining this program.

Panama Canal program: Panama Canal crossing schedules depend on several factors and, despite our best efforts, crossing the Panama Canal during the day is not guaranteed.

POLAR EXPEDITION CRUISES

Complimentary polar parka: For all cruises marked with the "parka gift" logo, a PONANT polar water-resistant parka is offered (adult sizes only - in case of consecutive cruises, only one parka per person). When packing your suitcases, we recommend you follow clothing instructions and advice provided with your travel documents. Do not hesitate to contact us if in doubt.

Complimentary boots rental: Save space and lighten your luggage by reserving your boots up to 7 days prior departure on our dedicated website <https://boutique.ponant.com/women/by-offer/women-boots-free-rental.html>. Upon embarkation, your boots will be delivered to your stateroom. For more information, please contact us.

By choosing an expedition cruise, passengers agree to follow the rules of good conduct presented by the expedition team during the cruise.

DIVING CRUISES

Dives when authorized by local authorities and feasible with ship equipment and Zodiac® dinghies. Rates: €70 per standard dive; €80 per dive when local equipment or staff must be used, €80 for a "discover scuba dive" course. 6. Passports, Visas and Vaccination Certificates

- 6.1 Every Traveller who is a French national shall be responsible for performing the administrative and/or health formalities required by the countries concerned by the Services, including those formalities disclosed by CDP and viewable on the www.ponant.com website as well as in the brochure, prior to Signing the Contract.
- 6.2 Travellers who are foreign nationals must contact the relevant embassies and/or consulates and perform the administrative and/or health formalities required by the countries concerned by the Services prior to Signing the Contract.
- 6.3 CDP shall not be held responsible for the consequences of a Traveller failing to comply with police, customs, or health formalities prior to or during the length of the Services under any circumstances. A Traveller who is unable to board a flight or a ship because they cannot present the documents required may not claim any refund or compensation.
- 6.4 In any event, Travellers are advised to check all the information with the authorities concerned prior to the departure date. CDP advises Travellers to consult the country factsheets relating to the chosen destinations prepared by the French Ministry of Foreign Affairs on the <http://www.diplomatie.gouv.fr/fr/consels-aux-voyageurs> website, or to make enquiries by telephone (+33 1 43 17 53 53, French Ministry of Foreign Affairs). CDP specifically draws Travellers' attention to the fact that the information provided may change up until the departure date, and they are advised to consult that information up until the time of departure.
- CDP invites Travellers to adjust their behavior to the visited country, to exercise vigilance and to avoid carrying valuable objects during their travel.

7. Embarkation and sea carriage conditions

• General rules

- 7.1 The Traveller must present themselves for embarkation under the conditions determined by the Passenger Ticket, and at least two hours before the ship's scheduled departure time. The Passenger Ticket and/or the Cruise Ticket issued by CDP shall only be valid for the Cruise and the ship mentioned on the ticket.

7.2 The purpose of the Passenger Ticket is to transport the Travellers and their luggage from the time when they embark at the port of departure to the time when they disembark at their destination.

7.3 All Travellers must hold a valid passport, or an identity card, where applicable, that are valid for six months following the date of their return, together with the visas and vaccination certificates likely to be required in the ports where the ship calls and the port of destination. Every Traveller shall be personally responsible for complying with the legal and regulatory provisions required prior to departure. The Carrier, the Organiser of the Cruise, and/or CDP, and/or the Captain may refuse to allow a Traveller who does not show the documents enabling them to disembark at the port of destination port and at the scheduled ports of call to embark or disembark.

7.4 If a Traveller who has reserved a Cruise solely on a port-to-port basis organises their own air or ground transport to the port of embarkation and/or to their home address, they are strongly advised to purchase changeable and refundable transportation tickets, and to allow for reasonable transfer times between the station, the airport, and the port. In the event of a delay, cancellation or change, CDP shall not be responsible for the transport and Transfer expenses and/or for any other kind of amenities and services not included in the Cruise Ticket that were not directly purchased from CDP. CDP shall not be responsible for any incidents or accidental damage to equipment and/or bodily injury that may occur during travel to and/or from the ship.

7.4.1 Ocean Voyages: To secure the boarding on departure day, we strongly recommend that you spend the night before in the city that your ship leaves from. Similarly, on the day you disembark we advise you just as strongly to reserve a flight that leaves at the end of the day or the day after your arrival. Indeed, these "Ocean Voyages" long trips are more than any other type of travel subject to climatic hazards, including winds and currents, which may require anticipating the departure of the ship, and / or delay the arrival of the ship.

7.5 Every Traveller shall guarantee that they are fit to travel by sea, and that their state of health or behaviour shall not harm the other Travellers or the proper performance of the Services agreed and/or proposed. If a Traveller's state of health is likely to limit their ability to enjoy the Services agreed, or to disrupt the proper provision of those Services, they must inform CDP, and must provide a medical certificate certifying their fitness on request. Any health problem, if known, must be mentioned to CDP's Medical Department in writing when Signing the Contract or before the departure of the ship (or prior to the beginning of the Services) at the latest.

7.6 Travellers shall be responsible for Doctor's appointments, medical care, and medication on land or on board the ships. All Travellers must ensure that they are covered by an appropriate medical insurance policy.

7.7 In the event of the threat of an epidemic, the Carrier, the Organiser of the Cruise, CDP, the Captain of the ship, or any other local health authority may demand that the Traveller fill in a health questionnaire and take a screening test, where applicable, before or at the time of embarkation or disembarkation, including during port calls.

7.8 In the specific case of Expedition Cruises, where you are reminded that any medical facilities are several days away by sea, a mandatory full medical questionnaire (a document provided on Signing the Contract) must be filled in by the Traveller's referring attendant physician between 90 and 45 days prior to the beginning of the Services, and must be returned to CDP's Medical Department (medical@ponant.com) by mail or e-mail within 40 days prior to the beginning of the Services at the latest. Any medical certificate issued prior to the determined period shall not be valid. Any Traveller who has not returned their duly completed mandatory medical certificate shall not be allowed to embark, and shall not benefit from any refund.

7.9 Travellers must comply with the rules on board throughout the journey. Travellers are required to attend any safety demonstrations and explanations that are organised on board, and to follow the crew's instructions at all times.

7.10 If they consider it necessary, the Carrier, the Organiser of the Cruise, CDP and/or the Captain of the ship may terminate the contract and refuse to carry any Traveller who does not comply with the conditions for entering into the destination ports, or whose presence on board could be harmful to the comfort, health, and safety of the other Travellers and the crew, breach the laws and rules of the ports where the ship calls, or render the Carrier, the Organiser of the Cruise, and/or CDP liable for the Traveller's legal defence or reparation. Accordingly, the Organiser of the Cruise, the Carrier, and/or CDP, and/or the Captain of the ship may decide to take the following appropriate measures: Refuse to allow the Traveller(s) to embark or disembark in any port that the ship calls at; 2) Disembark the Traveller(s) at any port that the ship calls at; 3) Transfer the Traveller(s) to another ship; 4) Confine the Traveller(s) on board, in their cabin, or in a cabin managed by the on-board medical team; 5) Have the doctor and their team administer any drugs, medications, or other permissible substances, and/or confine the Traveller in hospital or in any other similar facility at the port of destination if the on-board doctor considers it necessary.

• Disabled Persons and Persons with Reduced Mobility

7.11 Due to safety requirements, every Traveller must be independent, or travel with a person who is capable of providing them with all the assistance required during the performance of the Services.

7.12 Travellers whose mobility is restricted due to a physical disability or to a condition that requires special treatment and/or special assistance, including people who use wheelchairs, must inform CDP in writing at the time when they make the booking request, or as soon as the Traveller becomes aware of their disability if that disability occurs following the booking, but in any event at least 30 days prior to the beginning of the Services, in order to enable CDP to confirm to the Traveller that they will be physically able to enjoy the Cruise on board the ship and/or the Services agreed, inter alia.

7.13 The Organiser of the Cruise, the Carrier, and/or CDP, and/or the Captain reserve the right to refuse access to Travellers who have failed to inform CDP or the Vendor about a disability or their need for assistance, if such disability and need are not compatible with the applicable safety rules and the specific regulations for the navigation area, or require care that CDP and/or the Carrier would not be in a position to provide, or if the design of the passenger ship, and the port infrastructure and facilities, including port terminals, make the embarkation, disembarkation, or transportation of the person concerned under satisfactory safety conditions impossible.

7.14 Going ashore may be difficult or even impossible for Travellers with Restricted Mobility, or Disabled Travellers, especially in the event of disembarkation in launches or/and excursions in inflatable boats.

7.15 Once they have received CDP's written agreement, Travellers who use a wheelchair must embark with their own wheelchair, and must absolutely be accompanied by a person who is capable of assisting them at all times. Every disembarkation shall nonetheless be subject to the approval of the Captain.

7.16 Le Boréal, L'Austral, Le Soléal and Le Lyrial and Le Commandant-Charcot all have three cabins that are specially equipped to receive Disabled Persons, or Persons with Restricted Mobility (two cabins on board the PONANT EXPLORERS ships). Please note that the Le Ponant yacht specifically does not allow access to Persons with Restricted Mobility or Disabled Persons due to a different design.

• Children and Pregnancy

7.17 Children under 3 years of age shall not be authorised to embark on the ships. Children under 6 years of age shall not be authorised to embark on the ships for Polar Expedition cruises.

7.18 In the case of all the Expedition Cruises, children must be fully independent during all the outside activities organised and during disembarkation in rubber boats, be sufficiently tall to sit on the inflatable sides of the boats, and old enough to understand, and immediately respond to the orders given by the persons in charge. As a result, children's participation in any activity in an inflatable boat shall be subject to the agreement of the Captain and of the Expedition Head, depending on the sea conditions, and the difficulty of disembarking at each location visited. The ships do not carry Parka's in children's sizes. Parents must arrange to bring a suitable Parka for children.

7.19 Minor children shall remain under their parents or guardians' full and entire responsibility when on board and/or during excursions.

7.20 PONANT reserves the right to limit the number of children less than 8 years of age aboard its ships.

7.21 As the ships do not have any facilities to enable women to give birth on board, women who are over six months pregnant shall not be allowed to embark on the ships. In any event, pregnant women travelling on board the ship are advised to consult a doctor prior to embarkation, in order to ensure that their state of health is compatible with the planned cruise.

• Authorised luggage

7.21 Every Traveller must label each luggage item correctly, and indicate their full name, the name of the ship, their destination, and their cabin number in a highly legible manner. The markings must be visible and permanent.

7.22 Goods, property, and items where the contents may threaten the health and safety of the other

Travellers and their Luggage, of persons or of property, and may damage or pollute the ship, inflammable, explosive, corrosive, hazardous, or odorous materials, or materials that are likely to leak, items where importation is prohibited or that do not comply with customs or police regulations, and generally speaking property and items other than those intended for the Traveller's personal use are prohibited on board and in their luggage (hereinafter the "Prohibited Items"). In any event, the Traveller shall be liable for any injury, loss, or damage suffered as a result of the presence of Prohibited Items in their luggage or in their cabin, and shall hold the Organiser of the Cruise, the Carrier, and/or CDP harmless against any proceedings that may be initiated against them as a result of the presence of these Prohibited Items on board or at the time of embarkation or disembarkation. These Prohibited Items may be disembarked, destroyed, thrown into the sea, or rendered harmless at any time and any place by the Organiser of the Cruise, the Carrier, the crew, and/or CDP, without compensation, and notwithstanding payment of any destruction costs by the Traveller.

7.23 Travellers must keep an eye on their luggage and personal effects throughout the length of the Services, including their stay on board and during embarkation, transfer, and disembarkation operations. The Organiser of the Cruise, the Carrier, and/or CDP shall decline any liability for luggage that is left unsupervised by the Traveller, and where the latter has not taken all necessary precautions to avoid theft, loss, or damage. The Organiser of the Cruise, the Carrier and/or CDP shall not be liable for fragile items, jewellery, watches, money, cash, computers and other electronic appliances, mobile 'phones, or any other valuable items that the Traveller has not declared as valuables, and entrusted for custody on board with a descriptive inventory and an estimate, and for which they have not paid the corresponding proportional custody fees.

7.24 Travellers shall be liable under civil and criminal law for any direct or indirect damage that they cause to the Organiser of the Cruise, the Carrier, and/or CDP, and to the other Travellers or third parties. They shall be solely liable for any fine or penalty inflicted by the relevant authorities on their account.

7.25 Travellers shall agree to allow the Organiser of the Cruise, the Carrier, the officers of the crew and/or CDP, together with the customs, health and/or administrative authorities in port of call countries or the State where the ship is registered free access to their cabin, luggage, and personal effects on request and without delay.

7.26 The Organiser of the Cruise, the Carrier, and/or CDP shall not be liable for the damage caused to photographic, telephone, and electronic equipment and cameras that are lost or damaged during the performance of the Services, whether on board the ship or in ancillary facilities, or during embarkation and disembarkation operations, or for any damage caused to items that have fallen into the water.

• Pets

7.27 Pets, including service or medical assistance animals are prohibited on board the ships, and are not admitted for embarkation.

• Smoking policies

7.28 The ships are non-smoking except for the specifically designated areas on the outside decks (the policy also applies to electronic cigarettes).

8. Air carriage

8.1 The full Airline Tickets shall be presented in the form of electronic tickets. The surnames and given names must strictly be those indicated on the Traveller's valid passport. Any error or request for alteration shall result in the purchase of a new Airline Ticket.

8.2 In accordance with French Decree No. 2007-669 of 2 May 2007 regarding the obligation to inform Travellers of the identity of the Airline Carrier, CDP shall inform Travellers of the identity of the known Airline Carrier(s) likely to provide air transportation as at the date when they register. In the event of a change subsequent to the signing of the Contract, CDP undertakes to disclose any changes in the identity of the Airline Carrier(s) prior to departure as soon as it becomes aware of them.

8.3 Airline companies may enter into so-called mutual code-sharing agreements, which consist in marketing a flight under their own name even though it may be operated by an aircraft belonging to another airline.

8.4 The term "direct flight" means that there shall be no change of aircraft, but does not exclude the possibility of one or several stop-overs. The term "non-stop direct flight" means a flight with no change of aircraft and no stop-overs.

8.5 The timetables and types of transport mentioned by CDP shall be those disclosed by the Airline Carriers. They shall therefore be indicative up until the time of departure, and subject to alterations for all kinds of reasons (additional stop-overs, weather conditions, air traffic control authorisations, and strikes, etc.). In accordance with the Warsaw and Montréal Conventions, the timetables and itineraries, and the departure and destination airports shall never be a contractual feature of the Transportation Ticket; under these conditions, CDP cannot be held liable for any changes beyond its control.

8.6 CDP cannot be held responsible for any technical, climate-related or political incident, delay, cancellation or strike, additional stop-over, or change of aircraft or routing, etc. that may arise during the air transportation, and no compensation may result on any grounds whatsoever. If a Traveller wishes to waive their right to benefit from a Service, they shall be liable for the cancellation fees set out below.

8.7 The Airline Carrier's responsibility shall be limited in the event of damage, complaints, or claims of any kind, in accordance with the conditions set out on the Airline Tickets. CDP shall not refund any expenses (taxis, meals and hotels, etc.) if the Traveller is under the responsibility of the Airline Carrier. The consequences of any accidents and/or incidents that may arise during the performance of the air transportation shall be governed by the Warsaw and Montréal Conventions, and by the local regulations governing domestic transport systems in the country concerned.

8.8 Depending on the Airline Carrier, the usual baggage allowance on regular international flights (excluding the benefits granted to members of loyalty programmes) is strictly limited to a maximum of 23 kg in the hold and 8 kg in the cabin per Traveller. On regular domestic flights, the allowance usually ranges between a maximum of 15 and 20 kg in the hold. On charter flights operated by CDP, the maximum hold luggage allowance is 23 kg (subject to confirmation by the selected Airline Carrier) and 5 kg for each item of luggage in the cabin. Travellers are advised to pay close attention to this restriction. Airline Carriers do not hesitate to charge additional fees for excess baggage, and sometimes refuse to check luggage that is too heavy or too bulky due to strict security rules. The liability of CDP and of the Airline Carrier cannot be engaged in the event of refusal to check in a Traveller due to the fact that their luggage exceeds the allowance.

9. Transfer of the Contract

9.1 A Traveller may transfer their Contract to a third party who fulfils the same conditions as them for the performance of all the Services, as long as those Services have not begun, in accordance with Article R. 211-7 of the French Tourism Code, and only where this Code applies to CDP.

9.2 The transferee and/or the transferee shall be required to pay the resulting fees. They must inform CDP of this decision by any means that enables them to obtain an acknowledgement of receipt (registered letter with acknowledgement of receipt, e-mail, or fax, etc.) within 60 business days at the latest prior to the beginning of the Services.

9.3 In the event that a Traveller transfers their Contract without informing CDP in accordance with the procedures provided for above, this transfer shall not be valid, and the Services provided for in the Contract shall be cancelled with no possible refund.

10. Cancellation or alteration of the Contract by the Traveller

10.1 Pursuant to Article L. 121-21 of the French Consumer Code, Travellers are informed of the fact that they do not benefit from the right of withdrawal provided for in Article L. 121-17 of said Code.

10.2 Travellers cannot alter the Services provided for in the Contract without CDP's prior agreement.

10.3 If a Traveller alters or cancels a portion or all of the Services provided for in the Contract, shall need to inform CDP via any means that enables them to obtain an acknowledgement of receipt (fax, email, or registered letter with acknowledgement of receipt) as soon as the event resulting in this alteration or cancellation occurs. The date on which the document was sent shall be the date on which the alteration and/or cancellation fees are invoiced.

Requests to alter a cruise shall only be accepted subject to Compagnie du Ponant being informed within a timeframe of at least 90 days before the departure of the cruise, via the means set out above. This timeframe shall be increased to 150 days for Expedition Cruise programmes.

Beyond that deadline, alteration requests shall be considered as cancellation requests, and shall therefore be managed according to Paragraph 10.5, which governs cancellation fees.

The alteration terms and conditions exclusively involve the option for the traveller to replace a port-to-port cruise with another port-to-port cruise with Compagnie du Ponant.

10.4 Alteration fees:

In the event of an alteration involving a higher-value travel package, and subject to compliance with the terms and conditions set out in Points 10.4.a to 10.4.d, no alteration fee shall be applied to the cruise service, or to the other services, (e.g. air travel). The rebooking fees shall amount to the expenses already incurred by Compagnie du Ponant:

- 10.4. a: The passenger may alter their cruise subject to replacing it with a more expensive cruise than the one that is being replaced;
- 10.4. b: The departure date of the cruise booked as a replacement must fall within a maximum timeframe of 12 months as from the date when the alteration request was made;
- 10.4. c : The reservation and payment of the deposit for the replacement cruise must be made at the same time as the alteration request ;
- 10.4. d: The replacement cruise selected shall become non-exchangeable and non-refundable from that point; the passenger may only cancel it.

In the event that the Contract is switched to a Service of a lower value than the initial value, alteration fees shall apply, and shall be equal to those in the cancellation terms and conditions set out in Article 10.5 below. The fee percentage shall then apply to the difference between the price of the initial Service and/or of the new Service.

Specific terms and conditions for an alteration request from Ponant Yacht Club High Admirals

In the event of the 1st alteration of a tourism package: no fees shall be applied to the cruise service, as long as the request is made within a timeframe of at least 90 days before the departure of the cruise. This timeframe shall be extended to 150 days for Expedition Cruise programmes. New departure within 12 months after the date of departure initially scheduled. Only one alteration without penalty charges per calendar year and per person entitled to Grand Admiral status, regardless of the cruise.

Any alteration request aside from the alteration of the 1st cruise shall be subject to the general sales condition applicable by default.

In the case of other services (e.g. air travel), the alteration fees shall amount to the expenses already incurred by Compagnie du Ponant:

10.5 Cancellation fees:

- Between 60 days and 46 days prior to the departure of the Cruise: 50 % of the total amount of the Services;
- Between 45 days and 31 days prior to the departure of the Cruise: 75% of the total amount of the Services;
- Less than 30 days prior to the departure of the Cruise: 100 % of the total amount of the Services.

For the other Services:

No refund shall be granted for any cancellation or waiver of an airline or ground Service included in the contract, or of any service that forms part of the Cruise, for any reason whatsoever.

10.6 In the event that a Traveller is prevented from taking the Cruise by a force majeure event, or due to their death, the Contract shall be terminated via the notice provided by the Traveller or their beneficiaries prior to the execution of the Contract. One quarter of the price of the Contract shall then be payable to CDP. The same conditions shall apply to the family members of a Traveller who was prevented from taking the Cruise by a force majeure event or who has died, and who were meant to be travelling with them.

10.7 A Traveller who does not present themselves at the departure of a Service, or who finds themselves unable to depart, or decides not to depart for any reason whatsoever, including due to a connection delay, cannot claim any refund.

10.8 Once the Services have begun, the Traveller shall be required to pay the full price of the Contract, regardless of the reason that may lead them to decide to waive it.

11. Cancellation, interruption, or alteration of the Contract by CDP

11.1 The arrival and departure times are provided for information purposes and are not definitive. In its capacity as the Organiser of the Cruise, and/or the Carrier, and/or the Vendor of a Package, CDP cannot guarantee that the times will fit in with (air plane and train, etc.) connection timetables.

11.2 CDP may assign travellers different cabins than those initially provided for.

11.3 CDP reserves the right to interrupt a Cruise or to change its itinerary for any reason that it shall consider valid; in this case, CDP cannot be held liable for any loss or harm.

11.4 Specifically in the event of adverse weather conditions, or due to the political or social situation in a part of call country, or due to any other event that may endanger the safety of the Travellers, property, or the ship, or in the event of orders imposed by public authorities, the Organiser of the Cruise, and/or the Carrier, and/or CDP shall have the option to change the itinerary or the ports of call or destination, to delay the trip or to end it, to divert the ship, to tow another ship or to be towed, to transfer the Travellers and their luggage to any other means of transport, even if such transfer results in extending or shortening the length of the programme.

11.5 The ship may provide assistance to any person or property at sea under all circumstances, and cannot be held liable for the consequences of a change to the Cruise programme for that reason.

11.6 Where CDP is required to alter the Cruise after the Travellers have embarked for reasons beyond its control, the Travellers cannot claim any compensation other than the refund of the Services that were not provided and not replaced, or of the unused portion of the Tickets less any expenses incurred, from either CDP, the Carrier, or the Organiser of the Cruise. Conversely, CDP may ask the Travellers to pay a price supplement corresponding to the additional services provided to the Travellers due to an extension of the trip.

11.7 In the case of external events beyond the control of the Organiser of the Cruise, and/or the Carrier, and/or CDP, or for any reason relating to the safety of the Travellers, or of the ship, or due to an insufficient number of participants, CDP may cancel the Cruise, and must inform the Travellers and/or the Organiser of the Cruise, where applicable, by registered letter with acknowledgement of receipt, or via e-mail, or via a press release.

11.8 CDP's Cruises and other Services are subject to a minimum number of participants.

11.8.1 CDP reserves the right to cancel a Cruise up to 21 days prior to departure if the minimum number of Travellers registered is less than or equal to 50% of the ship's "passenger capacity" (200 Passengers for the Expedition Cruise programs, 244 passengers for the other Cruises on board L'Austral, Le Boréal, Le Lyrial and Le Soléal, 172 passengers on board the PONANT EXPLORERS ships, 55 passengers for the Le Ponant Yacht and 270 passengers for Le Commandant-Charcot).

11.8.2 CDP reserves the right to cancel any other service other than the Cruise if the number of Passengers is less than 20 participants (unless specified otherwise).

11.9 Where CDP is the Organiser of the Cruise, and regardless of the reason for the cancellation, no compensation shall be payable to the Traveller, who shall have a choice between the following solutions: (i) The full refund of the price of the Contract, (ii) another Service at an identical price, (iii) a Service at a lower price, and the refund of the difference in price between the two Services on the basis of the published prices. Travellers must inform CDP of their choice as soon as possible, and in any event prior to the cut-off date mentioned in the cancellation documents.

11.10 The means of transport that are the subject of the Services shall be reserved by CDP in accordance with the terms and conditions of each operator who provides these services. CDP reserves the right to substitute one means of transport for another, or one hotel for another in the same category. In the second case, if the hotel is in a lower category, the excess amount paid shall be refunded to the Travellers.

11.11 All the Services shall be offered within the limit of the places available. If there is no more room in the category proposed, CDP may offer additional places in exchange for a price supplement, depending on availability.

12. Liability

12.1 Where it acts in the capacity of a Sea Carrier, CDP shall be liable for any harm caused to Travellers in accordance with the provisions and compensation limits provided for in the following legislation, depending on their respective scopes of application, namely Articles L. 5421-1 to 5421-8 of the French Transport Code, and (EC) Regulation 392/2009 issued by the European Parliament and Council on 23 April 2009. Where this Regulation is applicable, the compensation limits assigned to the Carrier in the event of death or bodily harm amount to 400,000 drawing rights per Traveller and per event.

12.2 Where it acts in the capacity of a Sea Carrier, CDP shall be liable for any damage caused to luggage in accordance with the provisions and compensation limits provided for in the following legislation, depending on their respective scopes of application, namely Articles L. 5421-9 to 5421-12 of the French Transport Code, Decree No. 67-268 of 23 March 1967, as amended by Decree No. 86-1065 24 September 1986, and (EC) Regulation 392/2009 issued by the European Parliament and Council on 23 April 2009. Where this Regulation is applicable, the compensation limits assigned to the Carrier in the event of loss of or damage to luggage shall be 2,250 special drawing rights for each passenger and trip, while an excess of 149 special drawing rights per Traveller shall be applied in any event. Where (EC) Regulation 392/2009 does not apply, the maximum compensation for loss of or damage to luggage payable by the Carrier shall be €1,520 per Traveller and per trip.

12.3 In any event, where it acts in the capacity of a Sea Carrier, CDP shall benefit from the compensation limits included in the London International Convention of 19 November 1976, as amended by the 1996 Protocol; these limits shall prevail over any other limits determined by legislation where the application is not mandatory.

12.4 Where it operates as the Organiser of the Cruise, CDP shall be liable for any bodily harm or damage to property that occurs on board the ship or in its ancillary facilities or vessels during embarkation or disembarkation, or that occurs during carriage at sea within the same limits and under the same conditions as the Carrier. Where this damage or injury occurs outside such circumstances, but between the beginning and the end of the cruise, the compensation potentially payable to the Traveller by the Organiser of the Cruise and/or CDP shall be capped at 50% of the price of the Cruise.

12.5 Where it is involved in the capacity of the vendor of a fixed-price travel package within the meaning of the French Tourism Code, CDP shall be responsible for any harm or damage caused to Travellers or their luggage within the limits and conditions specified in Article L. 211-16 of said Code.

CDP's liability may specifically not be engaged in relation to the consequences of the following events:

- a) Loss or theft of the Tickets, failure to present the correct documents, or presentation of identity or health documents that are out of date or where the validity period is insufficient (identity card, passport, visas, and vaccination certificates, etc.), or that do not comply with the instructions mentioned in the documents delivered to the Traveller;

- b) unforeseeable and unavoidable incidents or events that affect a third party to the travel contract (force majeure events). Where a cancellation is required by circumstances that have the nature of a force majeure event and/or for reasons relating to the security of Travellers, and/or as the result of an injunction issued by a French or foreign administrative authority.

12.6 CDP's liability in its capacity as the Organiser of the Cruise, and/or the Carrier, and/or the Vendor of a Package shall be expressly excluded in the case of non-pecuniary losses, loss of enjoyment and so-called punitive and or similar damages.

12.7 Where a Traveller is not allowed to embark on the ship – including after of during a port call – under the conditions mentioned in Articles 6, neither CDP, in its capacity as Organiser of the Cruise, and/or the Carrier, and/or the Vendor of a Package, nor the Captain of the ship, nor the crew shall be held liable on any grounds whatsoever.

12.8 CDP shall not be held liable for bodily harm, or damage to property or non-physical damage caused by wars, blockades, riots, strikes, social conflicts, acts of piracy or terrorism, epidemics or periods of quarantine, natural disasters and catastrophes, nuclear fusion, fission, pollution or explosion or its consequences, the closure of the port of departure, of call, or destination, the impounding, requisition, or seizure of the ship for whatever reason, the use of the ship for special Government purposes, or due simply to the threat of the above events. Moreover, it shall not be held liable for any harm caused by the Traveller's deliberate involvement in an affray or in a hazardous activity or action that was not rendered necessary in order to safeguard human life.

12.9 CDP shall not be held liable under any circumstances for any damage caused by the interruption and/or the alteration of the trip as the result of a force majeure event, including, wars, blockades, riots, strikes, social conflicts, acts of piracy or terrorism, epidemics or periods of quarantine, natural disasters and catastrophes, nuclear fusion, fission, pollution or explosion or its consequences, the closure of the port of departure, of call, or destination, the impounding, requisition, or seizure of the ship for whatever reason, the use of the ship for special Government purposes, or due simply to the threat of the above events.

12.10 In the event that CDP is responsible for transporting luggage during a period prior or subsequent to the disembarkation of the ship in its capacity as the Organiser of the Cruise, and/or the Carrier, and/or the Vendor of a Package, it shall act as a representative on the Traveller's behalf, and its liability shall not replace the liability of the carriers who are effectively responsible for transporting the luggage.

12.11 Luggage that is not claimed at the time when the ship or any other means of transport arrives shall remain at the port at the Travellers' expense and at their own risk.

12.12 Any delay in delivering the luggage that inconveniences the Traveller may only give rise to the payment of a compensation amount that cannot exceed 20% of the amount that would be payable in the event of the loss of the luggage stored in the hold under the terms of Article 12.2. CDP reserves a period of 3 (three) months to look for lost luggage.

12.13 Unless a specific written contractual agreement is in place, ground or air transport, Transfers, water sports and scuba diving from the deck, services included in the Pre-and Post-Cruise Services, Excursions and/or Extensions, excursions on land, including, where applicable, the booking of hotels and restaurants and guided tours when booked from the ship with CDP and invoiced by the latter, are supplied by independent service providers who are neither representatives nor employees of the Organiser of the Cruise, the Carrier, the Vendor of the Package, and/or CDP. Travellers shall use these services at their own risk, and CDP shall only be involved as an intermediary, in its capacity as the Organiser of the Cruise, the Carrier, and/or the Vendor of the Package, and shall not assume or engage any liability for the services, regardless of whether such liability involves bodily harm or damage to property, cancellation, delay or a change of programme.

12.14 Any Traveller who takes part in outside activities as part of the Expedition Cruises agrees to take part in them in good faith and solely at their own risk. In this case, participation engages the liability of each participant, in terms of their physical fitness, their safety, their behaviour, and their comfort. Travellers' attendance at the information briefings provided on board is mandatory. The liability of CDP, its Managing Directors, Directors, officers, crew members, and expedition team members, and the activity leaders cannot be engaged in the event of loss or damage suffered while taking part in outside activities offered during Expedition Cruises under any circumstances.

13. Price reviews

13.1 The prices proposed by CDP are established in accordance with the economic conditions on the day when they are published. These economic conditions include, inter alia, the cost of transportation and fuel, the royalties and taxes relating to the services proposed (entry and/or exit duties in the countries visited, airport or port taxes, embarkation or disembarkation taxes, visa fees, and the cost of admission to tourist attractions), and the exchange rates used when setting the price of the programmes. CDP expressly reserves the right to review its prices. Any change in the cost of transportation and fuel, in taxes, royalties, in the euro and US dollar exchange rates, or special drawing rights and visa fees shall be fully reflected in the price of the trips, including travel agents' commissions, where applicable. Where the French Tourism Code applies, CDP also has the option to lower the Price pursuant to Article L. 211-12 of said Code, on the understanding that, in this case, no pricing review may occur less than 30 business days prior to the scheduled departure date.

13.2 Where the French Tourism Code applies, Travellers shall be informed of any increase in the Price via registered letter with acknowledgement of receipt – or via any other means as long as it enables the effective receipt of the correspondence to be proved – on the basis of a notice period of (30) days prior to the departure date. When they receive this notice, the Passenger and/or the purchaser of the Ticket(s) may cancel their contract and receive an immediate refund of the amount paid by informing the Vendor in writing within a period of 7 (seven) days following receipt of the notice of the price increase.

Any daily surcharge (S) in the case of cruise services only shall be calculated as follows:

$S = \left[\left(\text{change in the price of MDO} \times \text{MDO daily consumption} \right) / \text{Capacity of the ship} \right] \times \text{duration of cruising with MDO} + \left[\left(\text{change in the price of LNG} \times \text{LNG daily consumption} \right) + \text{change in the price of MDO} \times \text{MDO daily consumption} \right] / \text{Capacity of the ship} \times \text{duration of cruising with LNG}$
(*) MDO : Gasoil 0,1 FOB Rotterdam barge in US\$

LNG for Northern Hemisphere cruises: TTF + 2.5 \$/mmbtu converted in Metric Tons with Low Calorific Value of LNG = 46 MJ/kg, where 2.5\$/MMBtu corresponds to the LNG terminal tolling cost + bunkering cost in Rotterdam area.

LNG for Southern Hemisphere cruises: Henry Hub + 7 \$/mmbtu converted in Metric Tons with Low Calorific Value of LNG = 46 MJ/kg, where 7\$/mmbtu corresponds to the transmission costs to the liquefaction plant + liquefaction cost + shipping cost + tolling cost + bunkering cost.

(**) L'Austral, Le Boréal, Le Soléal and Le Lyrial: 20 tonnes; Le Ponant: 5.5 tonnes; PONANT EXPLORERS ships: 15 tonnes; Le Commandant-Charcot: LNG 36 tonnes, MDO 43 tonnes, k=72

14. Travel Insurance

14.1 The sale of the Services by CDP does not include any kind of insurance.

14.2 CDP requests that all Travellers have comprehensive and adequate travel insurance in place prior to departing on any Trip, against the risks of cancellation, and in the event of assistance, repatriation, damage to and loss of their luggage, and medical expenses. A confirmation of that insurance must be provided to CDP prior to departure. The Travellers will be responsible for arranging such insurance themselves, at their cost. CDP proposes an insurance contract with extensive guarantees to be subscribed at the time when the Contract is Signed, please contact us for more information. If a Traveller does not have this comprehensive and adequate travel insurance, the Traveller accepts the liability and costs associated with medical expenses, a medivac or repatriation procedure. For some specific cruises, CDP could ask Travellers that do not have travel insurance to sign a waiver document.

15. After-sales

15.1 Any comment or claim relating to a trip or stay must be sent by registered letter with acknowledgement of receipt, clearly specifying the alleged incident and loss, to either Compagnie du Ponant - 408 avenue du Prado 13008 Marseille, if the Traveller signed their Contract directly with CDP, or to the travel agency that sold them the Services, within a period of one month following the date of their return, subject to the statute of limitations. CDP encourages passengers to fill in the satisfaction questionnaires delivered on board the ship at the end of the Cruise.

15.2 Once they have contacted the After-Sales Departments mentioned in Article 15.1, and failing a satisfactory reply within a period of 60 days, the Traveller may contact the French Tourism and Travel Mediator, whose details and contact methods are available on the following website: www.mtv.travel.

15.3 Any proceedings initiated by the Traveller against CDP in its capacity as the Organiser of the Cruise, and/or the Carrier must be initiated within a period of 1 (one) year from date to property and of 2 (two) years for bodily harm, subject to the statute of limitations as from the date when the Traveller disembarked or should have disembarked.

 - a) the name, address, and telephone number of the vendor's local representative, or else, the names, addresses, and telephone numbers of local organisations likely to assist the consumer in the event of a problem, or else the telephone number enabling emergency contact to be made with the vendor;
 - b) in the event of trips and stays abroad involving minors, a telephone number and an address that enables direct contact with the child or the person in situ responsible for their stay to be established;
- 20) the clause governing the cancellation and refund, free of charge, of the amounts paid by the purchaser in the event of non-compliance with the information obligation provided for in Sub-Paragraph 13) of Article R. 211-4;
- 21) the undertaking to inform the purchaser of the departure and arrival times in good time prior to the beginning of the trip or the stay.

Article R. 211-7: The purchaser may transfer their contract for the trip or stay to a transferee who meets the same conditions as them, as long as the contract has not taken effect. Unless the transferor benefits from a more favourable clause, they are required to inform the vendor of their decision via any means that enables an acknowledgement of receipt to be obtained (fax, e-mail, or registered letter with acknowledgement of receipt) at least seven days prior to the beginning of the trip. This deadline shall be extended to 15 days where it involves a cruise. This transfer shall not be subject to prior authorisation by the vendor under any circumstances.

Article R. 211-8: Where the contract includes an express price review option, within the limits provided for in Article L. 211-12, it must mention the specific calculation procedures for the price changes, in the case of both increases and decreases, and specifically the amount of the transportation expenses and related taxes, the currency or currencies that may have an impact on the price of the trip or the stay, the portion of the price to which the change applies, and the exchange rate for the currency or currencies used as a benchmark when determining the price shown in the contract.

Article R. 211-9: Where the vendor finds themselves required to alter one of the key aspects of the contract prior to the purchaser's departure, such as by significantly increasing the price, and where they ignore the information obligation mentioned in Sub-Paragraph 13) of Article R. 211-4, the purchaser may take the following measures, without prejudice to any appeals for compensation for the loss that they may suffer, and once they have been informed by the vendor via any means that enables an acknowledgement of receipt to be obtained (fax, e-mail, or registered letter with acknowledgement of receipt, etc.):

- either cancel the contract and obtain immediate repayment of the amounts paid with no penalty;
- or accept the change or the substitute trip proposed by the vendor; in that case, an amendment to the contract specifying the alterations made shall then be signed by the parties; any price decrease shall be deducted from the amounts that may remain payable by the purchaser, and if the payment already made by the latter exceeds the price of the altered service, the excess amount must be returned to them prior to their departure date.

Article R. 211-10: In the event provided for in Article L. 211-14, where the vendor cancels the trip or the stay prior to the purchaser's departure, they must inform the purchaser via any means that enables an acknowledgement of receipt to be obtained (fax, e-mail, or registered letter with acknowledgement of receipt, etc.); the purchaser shall then obtain immediate repayment of the amounts paid from the vendor without any penalty, without prejudice to any claims for compensation for any loss that they may have suffered; in this case, the purchaser shall receive a compensation amount that is at least equal to the penalty that they would have paid if they had been responsible for the cancellation on this date.

The provisions of this article shall not prevent the reaching of an amicable agreement with a view to the purchaser accepting a replacement trip or stay offered by the vendor under any circumstances.

Article R. 211-11: Where the vendor finds themselves unable to provide a major portion of the services provided for in the agreement, and which account for a significant percentage of the price paid by the purchaser after the latter's departure, the vendor must immediately take the following measures, without prejudice to the claims for compensation for any losses that may have been suffered:

- either offer services as a replacement for the services provided for, and potentially bear any additional cost, and, if the services accepted by the purchaser are of a lower quality, the vendor must refund the price difference to them as soon as they return;
- or, if they cannot offer any replacement service, or if that service is refused by the purchaser on valid grounds, provide the purchaser with transportation tickets enabling them to return to their place of departure under conditions that may be considered as equivalent, or to another place agreed by both parties, at no additional cost. The provisions of this article shall apply in the event of non-compliance with the obligation provided for in Sub-Paragraph 13) of Article R. 211-4.

Article R. 211-12: The provisions of Articles R. 211-3 to R. 211-11 must be included in the brochures and the travel contracts offered by the persons mentioned in Article L. 211-1.

Article R. 211-13: The purchaser can no longer claim the benefit of the clause provided for under Sub-Paragraph 20 of Article R. 211-61 once the service has been provided.

3 - Ground services

Ground services in the port of departure, transfers to the ship, including, as applicable, hotel room and restaurant bookings or guided tours, are performed by independent suppliers who are not employees of Compagnie du Ponant. In this respect, Compagnie du Ponant acts only as an agent and shall not be held liable for said services or for the acts or omissions of sub-contractors or other contractors. The passenger agrees that Compagnie du Ponant acts as agent and/or trustee for any person including ground and maritime agents and subcontractors, who provide any service forming, or in connection with, any part of the cruise.

Our Cruise and Flights package programs are made in connection with Compagnie du Ponant selected regular or private charter flights. Final timings and schedule of the day by day program will be communicated with the cruise ticket. All our programs are based on economy class air and according to number of seats available. If the class is not available anymore, we will suggest, depending on the availability, extra seats with a supplement.

On International flights, check-in luggage is limited to 23kg/50lbs and 8kg/11 to 17lbs per person for carry-on luggage (besides airlines frequent flyer advantages). On regular domestic or intercontinental flights, check-in luggage limits are between 15 and 20 kg/33 to 44lbs and 5 to 8kg/11lbs per person for carry-on. On Compagnie du Ponant Private charter flights, check-in luggage is limited to 23 kg/50lbs and 5kg/11lbs maximum per person as carry-on. We thank you for taking these restrictions into account. Airline carriers charge for extra weight and sometimes refuse, for strict security reasons, to check-in overweight and oversized luggage. Compagnie du Ponant and the airline carriers waive all liability for luggage with extra weight that is refused at the check-in.

These programs include ground services before and/or after the cruise as described in documents available 15 months prior departure of each cruise and available on www.ponant.com. 3-2 Ground activities included during expedition cruises itself

By choosing an expedition cruise, passengers agree to follow the rules of good conduct presented by the expedition team during the cruise. We remind you that being properly equipped is essential (clothing, sunglasses, etc.) and we recommend bringing binoculars to enable you to observe the wildlife comfortably and respectfully during your excursions and shore visits.

3-3 Pre and post-cruise programs and pre bookable tours

Pre and Post-cruise programs (as detailed on www.ponant.com), pre bookable tours and shore excursions are performed by independent suppliers who are not employees of Compagnie du Ponant. In this respect, Compagnie du Ponant acts only as an agent and shall not be held liable for said services or for the acts or omissions of sub-contractors or other contractors. The passenger agrees that Compagnie du Ponant acts as agent and/or trustee for any person including ground and maritime agents and subcontractors, who provide any service forming, or in connection with, any part of the cruise.

Hotel accommodations are based on 4 and 5-star rated hotels. Official check-in time is 4pm, check-out time is 11am unless early check-in or late check-out supplement are paid.

Travelers are advised to check all the information with the authorities concerned prior to the departure date. CDP advises Travellers to consult the country factsheets relating to the chosen destinations. CDP specifically draws Travellers' attention to the fact that the information provided may change up until the departure date, and they are advised to consult that information up until the time of departure. CDP invites Travellers to adjust their behaviour to the visited country, to exercise vigilance and to avoid carrying valuable objects during their travel.

3-4 Shore excursions

Unless otherwise noted, shore excursions are sold and charged on board and are ruled by general conditions that apply to the contract signed with the local tour operator and the relevant national regulations. The passenger agrees that CDP acts as agent and/or trustee for any person including ground and maritime agents and subcontractors, who provide any service in connection with any part of the cruise.

Excursions can involve activities that may not suit persons with disabilities. Prices are only given as an indication and may change. Before departure, you will receive a tour program detailing the excursions on offer with the latest rates. Five months before cruise departure, shore excursions can also be viewed on www.ponant.com. Shore excursions are currently only bookable onboard. In the event of an excursion being cancelled due to a technical reason, shortage of participants or a case of force majeure, the client will not be charged and will not be eligible for any compensation. Please note that you will not be reimbursed for excursions if you cancel after registration. Any meals offered during excursions are simple and should not be compared to the standards on board the ship.
