AURORA BOREALIS, NORWAY

WINTER NORWAY EXPEDITIONS

Join us for our inaugural Winter Norway season on board Seabourn Venture, as snowcapped mountains, majestic fjords and twinkling villages unfold over miles of beautiful coastline. Embark on thrilling experiences from dogsledding and snowshoeing to exploring the underwater world of Norway on board our custom-built submarines. You'll even have a chance to see the magical northern lights soaring in silent grandeur.

NORWAY & NORTH CAPE - IN SEARCH OF NORTHERN LIGHTS

12 DAYS | COPENHAGEN TO TROMSØ | JAN 6, 18*, 30, FEB 23,
MAR 7*, 19, 31*, APR 12, 2022

DAYS 0-1 | COPENHAGEN & DAY AT SEA

The welcoming open spaces, lively street life and coastal scenery of **Copenhagen** make for the perfect start to your expedition. Bid farewell to this fairytale city as you board Seaborn Venture, ready to write your own unforgettable story. Spend your first days getting settled, exploring your magnificent expedition ship and getting to know your shipmates.

DAY 2 | BERGEN

With a spectacular combination of nature, culture and vibrant urban life, **Bergen** instantly charms all who visit. Many vestiges of the historic city have been lost to numerous fires over the years, but the old inner harbor, a UNESCO World Heritage Site, remains as a captivating and colorful setting for postcard-worthy views.

DAY 3 | ÅLESUND

Stretching into the Borgundfjord and backed by the Sunnmøre Alps, **Ålesund** abounds with natural beauty. The area was first settled in the ninth century and was a Viking base for raids into France. Devastated by fire in 1904, the city was rebuilt in the popular Art Nouveau style of the time. Today, its

towers, turrets and romantic setting make this one of the loveliest towns in Northern Europe.

DAY 4 | TRONDHEIM

Trondheim rests at the point where the Nidelva river ends its winding path and empties into the Trondheimsfjord. Often referred to as the Royal City, it's where the kings of Norway have historically been crowned in the massive Nidaros Cathedral. No visit is complete without spending a few minutes admiring the impressively detailed west façade.

DAY 5 | BODØ

A nearly 300-mile voyage past ruggedly beautiful coastline brings us just above the Arctic Circle to **Bodø**. Here you can branch out to any number of adventures: visit a 19th-century village tucked beneath alpine peaks, get a look at sustainable salmon farming, or witness one of the strongest tidal currents in the world.

DAY 6 | SVOLVÆR (LOFOTEN)

When the ice from the last Ice Age receded, it left behind the Lofotens, with some of the most dramatic scenery in Norway. Your jumping-off point into this natural playground is **Svolvær**. If you're lucky, witness a dramatic and dynamic display of the northern lights.

DAY 7 | NARVIK

Between mountains and fjords, you'll find a treasure-trove of discovery in **Narvik**. Follow the locals to go skiing, hiking or simply frolic in nature. Visit the War Museum to learn about the fierce World War II battle between the invading Germans and resolute local defenders. Ride a cable car to the top of nearby Fagernesfjellet peak for breathtaking views.

Overnight stay.

DAY 8 | ANDENES

Clinging to the end of Andøya island in the Vesterålen archipelago you'll find **Andenes**, an old fishing port with a distinctive red lighthouse. Our visit during the winter months is fortunate, as the waters offshore are home to spawning herring — which attracts throngs of humpback and orca whales.

DAYS 9-10 | ALTA

Known as the “City of Northern Lights,” **Alta** offers no shortage of adventure. And with an overnight stay, you have more time to take it all in. Go dogsledding or embark on a snowmobile trek. Pay a visit to a

unique igloo hotel, where everything, inside and out, is made of snow and ice. No matter how you spend your day, make time at night to simply watch the sky, where you can often see the northern lights swaying across the sky.

DAY 11 | HONNINGSVÅG

The perpendicular cliffs of Nordkapp, or the North Cape, herald your arrival at **Honningsvåg**, situated at the top of the European continent. Surprisingly, this remote and lunar-like landscape is home to some 2,500 people, a number which frequently swells in the summer months, as Sámi people and their reindeer camp on the outskirts of town.

DAY 12 | TROMSØ

Though it rests about 200 miles above the Arctic Circle, **Tromsø**'s climate is surprisingly mild, thanks to the warming effects of the Gulf Stream. This “City of Explorers” has seen a number of polar explorations set off from its shores. Now, we return with tales of our own adventures, and a lifetime of unforgettable memories.

INAUGURAL NORWAY, NORTHERN LIGHTS & NORTH CAPE

12 DAYS | GREENWICH (LONDON) TO TROMSØ | DEC 11, 2021

Overnight stay.

BODØ, NORWAY

CRUISING THE NORWEGIAN FJORDS.* A unique feature of fjord cruising is the panorama of scenic beauty and points of interest that unfurl on either side of your ship. Quaint villages nestle on shore and tiny farms cling impossibly to mountainsides. Waterfalls tinsel the slopes, frequently frozen into bizarre sculptural artforms. Your Expedition Team photography and videography expert will be on deck offering tips to help you capture the stunning scenes.

*On select sailings.

LEGEND:

ZODIAC

KAYAKING

SUBMARINES

ARCTIC FOX

ARCTIC EXPEDITIONS

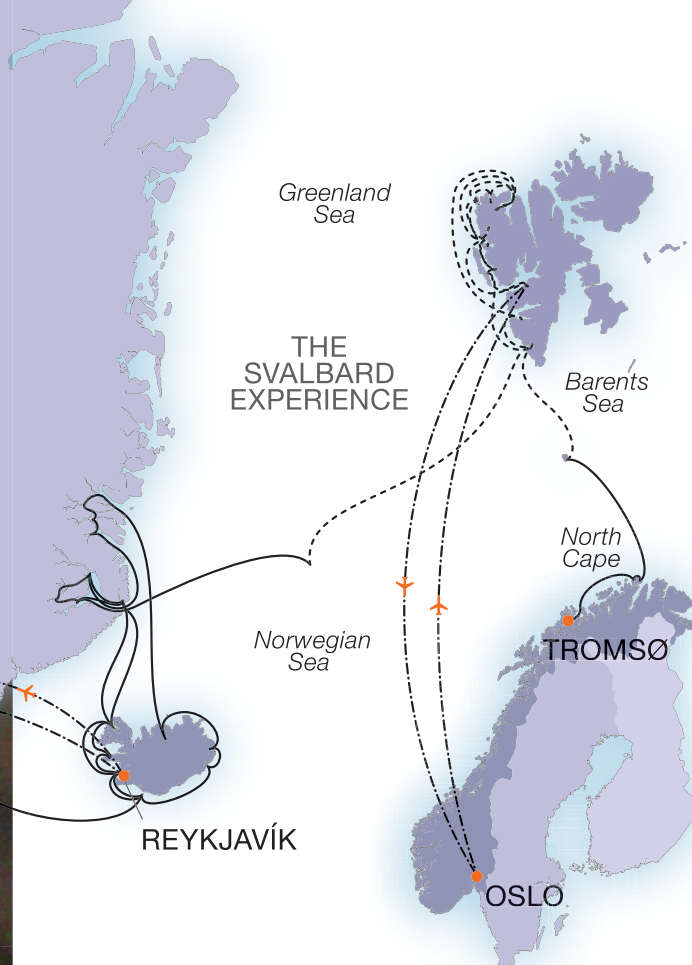

ST. JOHN'S

Davis Strait

Labrador Sea

Prince Christian Sund

Experience the Arctic's colorful beauty, from ice-blue glaciers and lush green tundra to towering peaks blanketed in white. Awaken each day ready for another unforgettable adventure: gliding in a Zodiac® beneath cliffs teeming with millions of nesting seabirds, threading a kayak among sculpted icebergs and observing the whales, walrus, seals, reindeer, polar bears and more that fill this remote region with life.

GREENLAND & THE CANADIAN ARCTIC

15 DAYS | REYKJAVÍK TO ST. JOHN'S | SEP 17, 2022

DAYS 0-1 | REYKJAVÍK

Arrive in Iceland's capital and transfer to your **included overnight hotel stay at the Radisson Blu 1919.**

DAY 1 | KANGERLUSSUAQ

Transfer to the airport for your **included flight to Kangerlussuaq** before transferring to the pier to embark Seabourn Venture and begin your Arctic adventure.

DAY 2 | SISIMIUT

With nearly 5,600 inhabitants, picturesque **Sisimiut** is the second-largest city in Greenland, with a reputation as a "rough, remote and real" outdoor adventure hub. The descendants of Thule people form the majority of the population, whose brightly painted houses of red, yellow, green and blue stand out against a gray and white landscape.

DAY 3 | ILULISSAT

Ilulissat is Greenlandic for "icebergs," and that pretty much says it all. Ilulissat Icefjord is a UNESCO World Heritage Site, where icebergs dominate the senses with their austere white beauty, the rumblings and booms of

their births, and the unmistakable color of melting ice.

DAY 4 | EQI GLACIER

The grandeur of Greenland's natural landscape is epitomized at the over two-mile-wide face of **Eqi Glacier**. From the center of the island, it descends steadily to become one of Greenland's most active calving glaciers. Hundreds of bergs shear from its ice cliffs daily while meltwater attracts seals, seabirds and sometimes whales.

DAY 5 | QILAKITSOQ & UUMMANNAQ

At **Qilakitsoq** in 1972, hunters uncovered human remains identified as eight Thule women and children

mummified in the dry, sub-freezing climate over 500 years earlier. Your archaeologist will detail the significance of these mummies, and will also explain other remains from Thule and earlier Dorset cultures.

DAY 6 | UPERNAVIK

The picturesque and colorful town of **Upernavik** in the Upernavik Archipelago marks the most northerly point of our Greenland voyage. Officially founded in 1772, it was certainly the site of much earlier Inuit occupation. A Viking runestone found in 1824 among three rock cairns on nearby Kingittorsuaq Island is the most northerly Norse artifact discovery to date.

DAY 7 | POND INLET

Cruising ice-speckled Eclipse Sound against the backdrop of glaciated peaks, we approach the Inuit town of **Pond Inlet** in Canada's Nunavut territory. Locals welcome their infrequent visitors, immersing them in the community's rich Inuit culture.

DAY 8 | DUNDAS HARBOUR & CROKER BAY

Amid a landscape aglow in Arctic autumn colors is a memento of a ghost

town, including the 1,000-year-old stone remains of an Inuit settlement nearby. To the west, **Croker Bay** is a fjord flanked by tabletop mountains on Devon Island, where polar bears, seals and a pod of beluga whales may frequently be seen.

DAY 9 | BEECHEY ISLAND

Few places better embody the description “barren and lonely” than **Beechey Island**, with its treeless, windswept landscape of gravel ridges and wide beaches. Polar bears are sometimes seen on the shoreline, a poignant reminder of the resilience of the fascinating creatures adapted to thrive in the Arctic.

DAYS 10-11 | BAFFIN BAY & DAVIS STRAIT

Cruising **Baffin Bay** southward, you’ll transit a slightly warmer sea area called the North Water that remains unfrozen throughout the year. This crucial Arctic ecosystem sustains a myriad of sea life, providing surface access for walrus and beluga, narwhal and bowhead whales, while polar bears hunt seals along its ice edge. Next, we enter long **Davis Strait**, notorious for extreme currents created when tidal changes of up to 60 feet funnel through it.

DAY 12 | LADY FRANKLIN ISLAND & MONUMENTAL ISLAND

Lady Franklin Island is truly breathtaking. With imposing cliffs and rocky shores, the island is a seasonal home to breeding seabirds, ducks and walrus. With a bit of luck, we may see colorful Atlantic puffins and the small, gray-headed Sabine’s gull here. **Monumental Island** hosts nesting black guillemots on its gray rock shores. Walrus may also be viewed hauled out, often along with calves, at numerous spots around the island.

DAYS 13-14 | LABRADOR SEA & NORTH ATLANTIC OCEAN

Every year hundreds of icebergs drift through the **Labrador Sea**, giving this area the name “Iceberg Alley.” The Labrador Sea supports sei, minke and bottlenose whales. Common seabirds include pomarine jaegers, great shearwaters and northern fulmars. The Grand Banks in the North Atlantic Ocean is one of the most productive fisheries on Earth.

DAY 15 | ST. JOHN’S

As Seabourn Venture threads the “narrows” and enters the inner

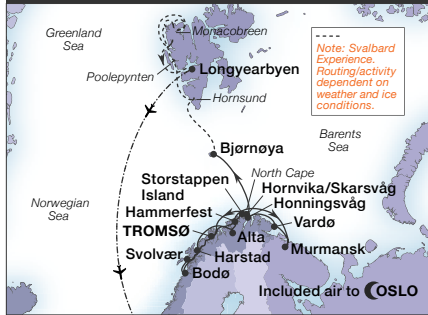

harbor of **St. John’s**, the capital of Newfoundland, the cultural and traditional flavor of the city quickly becomes apparent. Here you will disembark and begin your homeward journey, taking with you vivid memories of the remote and beautiful Arctic realm.

SUBMARINES

ZODIAC EXCURSION, ANTARCTICA

ANTARCTIC EXPEDITIONS

Words are inadequate to fully describe Antarctica, but you'll never forget how this pristine continent makes you feel. Catch your breath as a breaching whale casts up sheets of icy water. Reflect on nature's awesome power as you ride a Zodiac® in the shadow of monumental icebergs. Stand transfixed as the day's lingering golden light clings to snow-clad ranges. Along the way, let magical moments, celebratory meals and luxurious surroundings fill you with delight.

THE GREAT WHITE CONTINENT

11 DAYS | ROUND-TRIP BUENOS AIRES | NOV 24, DEC 4, 2022, JAN 15, FEB 6, 2023

DAYS 0-1 | BUENOS AIRES

Arrive in Argentina's handsome and sophisticated capital and transfer to your **included stay at the Alvear Icon hotel for an overnight.**

DAY 1 | USHUAIA

Transfer to the airport for your **included flight to Ushuaia.** Nestled in a bowl of snowcapped mountains on the banks of Beagle Channel, Ushuaia greets you with a tapestry of colorful houses scattered against a rim of dramatic jagged peaks. It is often referred to as El Fin del Mundo, the "end of the world," and it is the de facto gateway to Antarctica, where you will embark Seabourn Venture for your expedition to the Great White Continent.

DAYS 2-3 | DRAKE PASSAGE

Your Antarctic voyage truly begins with crossing the **Drake Passage**, infamous for strong currents and winds. In reality, the strait is often a tranquil "Drake Lake," barely disturbed by the ship's wake. Your Expedition Team will point out the noticeable change to Antarctic waters and identify ever-present petrels on the waves, albatrosses gliding just above the sea, and the exciting appearance of any whales or dolphins.

DAYS 4-8 | ANTARCTIC EXPERIENCE

You will never forget your first sighting of **Antarctica** and its islands. Regardless of weather conditions, you will find yourself spellbound by the vision of a completely unspoiled landscape of ice, rock and ink-blue sea. During your time on the Great White Continent, your Captain and Expedition Leader plan your itinerary, daily landings, scenic cruising and exploration operations to offer you the widest variety of experiences possible based on conditions and wildlife reports. The numbers and concentrations of wildlife thriving in Antarctica must be seen to be believed. Your every waking hour is

punctuated with visits to breeding colonies of different penguin species; sightings of crabeater, Weddell and leopard seals basking on ice or swimming; and watching various species of whales feeding, breaching or passing in view. Petrels, skuas, gulls and other seabirds fill the skies. And inspiring, panoramic views of mountain ranges, glaciers and sculpted icebergs lend a dreamlike quality to every hour. Antarctica has been a source of inspiration for as long as humans have been aware of its existence. For these five days, you are privileged to

experience this truly wild place at a level of luxury previously unimaginable.

DAYS 9-10 | DRAKE PASSAGE

Relax on another crossing of the **Drake Passage**. You may share tales of your personal explorations with shipmates, some of whom may become lifelong friends. Expedition Team members are once again available to point out birds and any marine life as you sail northward.

DAY 11 | USHUAIA & BUENOS AIRES

Monte Olivia towers above **Ushuaia**, Argentina, as you approach from Beagle Channel. You have returned to

one of the southernmost cities on Earth and re-entered civilization. Today you will disembark and transfer to the airport for your **included return flight to Buenos Aires**. But for the rest of your life you may occasionally experience an emotional lift simply recalling that such a place as Antarctica exists.

HIGHLIGHT: CHINSTRAP PENGUINS. Feisty little chinstraps are named for the distinctive band running from a black “helmet” atop the head to under the neck. They stand about 30 inches (76 cm) high and make circular nests of (much disputed over) stones. They feed on krill, small fish and squid, often at great distances from shore. They are prey for leopard seals at sea, and their eggs and chicks are vulnerable to air attacks by skuas.

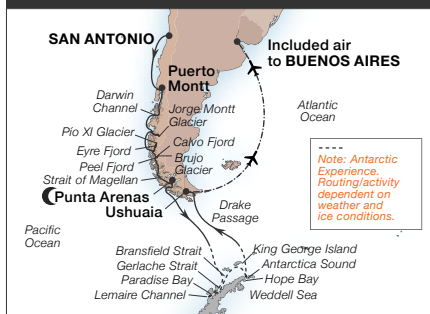

PORT STANLEY, FALKLAND ISLANDS

AMAZON EXPEDITIONS

Make your way up Earth's greatest river and journey deep into the heart of South America, passing through the largest span of rain forest on the planet. Kayak over seasonally flooded forests, where you'll find sloths, howler monkeys and colorful birds. Ride in a Zodiac® and learn how the river's rise and fall impacts the fortunes of man and animal alike. Encounter indigenous cultures and discover traditions of survival passed down over millennia.

THE HEART OF THE AMAZON

10 DAYS | IQUITOS TO MANAUS | MAR 29*, APR 8, 2023

DAYS 0-1 | IQUITOS

Iquitos, Peru, is a fascinating place. In the midst of the jungle, we find a major port nearly 2,000 miles (3,200 km) from the sea, the largest city on Earth that cannot be reached by road. Here you will embark Seabourn Venture to begin your journey, creating a myriad of vivid and indelible memories of the Amazon River and the amazing forests, fascinating creatures and the remarkable people along its banks.

DAYS 2-9 | THE AMAZON EXPERIENCE

During your expedition on the Amazon River, explore the varying environments shaped and differentiated by the river itself. These can be divided into three major regions:

The Peruvian Amazon – Iquitos, Peru, to Leticia, Colombia. The Peruvian Amazon is enveloped in an ocean of jungle where the seasons are marked only by the changing river levels and the amount of rainfall each day. Here you will encounter the indigenous population along the banks of the river,

and discover age-old human traditions surviving unaltered by the outside world. Many unexpected, unforgettable adventures await when you board Zodiac® boats to explore some of the most remote regions and exotic cultures of the mighty Amazon.

The Frontier Amazon — Leticia, Colombia, to Rio Jutai, Brazil.

Picturesque, friendly Leticia is a frontier town, hundreds of miles from the nearest Colombian road. The stilt and floating houses along its waterfront reveal how closely its peoples' lives are linked to the river. As the riverbed narrows, the

IQUITOS

Amazon River

Pevás

Leticia

currents grow stronger. Our ship passes closer to the forest, and you'll see less-frequent evidence of human population. Once again board a guided Zodiac to probe the shorelines as you gain insights from your Expedition Team about the daily activities of the people and wildlife living here.

Flooded Forests and Blackwater Tributaries — Rio Jutái, Brazil, to Manaus, Brazil. This region, rarely seen by the outside world, is almost like a seacoast, where the local people make the most of the forest's natural products as well as cultivate the land. It is best explored by Zodiac, and you'll have daily opportunities to do just that alongside your Expedition Team

experts who will help you understand and appreciate the astonishing biodiversity found here.

DAY 10 | MANAUS

It's the largest city on the Amazon and the main port for trade between the vast Amazon Basin and the outside world. In **Manaus**, markets along the waterfront hold exotic fish, fruits and other products of the forests. The impressive Teatro Amazonas Italian Renaissance Revival Opera House was constructed of imported materials. The theater hosted world-famous artists at the height of the rubber boom, when the "rubber barons" sent their linens across the Atlantic to Paris for laundering.

CUSTOM-BUILT SUBMARINES

Two six-person submarines offer unique and unforgettable undersea experiences to Seabourn Venture guests. Piloted by experienced and licensed Expedition Team submariners, these engineering marvels are capable of transporting guests beneath the surface, offering breathtaking views of everything from the surreal subsea realms beneath Antarctic waters, plunging underwater cliffs in fjords, and reef walls teeming with life in clear, tropical seas. These exceptionally rare experiences are available for an additional charge and are operated in select destinations.

DESIGNED AND EQUIPPED FOR DISCOVERY

- Two technologically advanced submarines built by U-Boat Worx B.V. (The Netherlands)
- Interiors are luxuriously furnished with custom-embroidered upholstery, dual air conditioning systems and Bluetooth stereo sound
- Two transparent spheres with seating for three guests each
- Seating platforms swivel 280 degrees for easy viewing on all sides
- Capable of multiple dives a day to depths of up to 1,000 feet (300 m) at three knots
- Powerful exterior lights reveal full color range, highlighting a fascinating underwater world
- HD videocam systems record inside and outside action for later projection and souvenirs
- A six-function remote arm can be used to manipulate or retrieve objects outside the sub

ZODIACS & KAYAKS

Zodiacs® are the workhorses of our expeditions. These amazing watercrafts revolutionized cruising to extraordinary destinations. They are our means for landing on trackless beaches, desert isles and far-flung icy shores where no docks or other facilities exist. They are magic carpets that carry us on scenic passages up towering fjords, among breaching whales and stately icebergs, and on forays into jungle-draped channels bright with nesting birds. They deliver us to untouched coral reefs, bobbing patiently as we snorkel or dive to our heart's content. Our fleet of 24 Zodiacs can all gather beside the water-level shell doors on either side of Seabourn Venture, allowing us the option to take all guests on a complimentary Zodiac tour at once.

Double sea kayaks glide silently along shorelines, moving with silken grace as we approach wildlife at eye level, finding them curious and unafraid. Noiseless, they allow us to enjoy the snaps of brash ice in a glacier's meltwater, the musical sound of a waterfall and the ceaseless breath of breeze through old-growth forest. We can navigate tangled mangrove thickets teeming with life above and below the water, and slide over multicolored tropical coral gardens. Led by an expert member of our Expedition Team, these excursions offer an appealing option available for an additional charge.

SNORKEL & SCUBA GEAR

Snorkeling and scuba gear will open your eyes to the colorful underwater world in warm-water destinations. An array of masks, snorkels and fins assures everyone a good fit. Expedition Team members can help beginners get started and show you the best snorkeling spots. Scuba divers with an advanced or higher qualification will have the complimentary opportunity to go diving in select locations around the world. Seabourn Venture will provide tanks and weight belts. All dives will be led by a qualified divemaster.

DESIGNED FOR DISCOVERY

A WORLD-CLASS EXPEDITION TEAM

SHARING THEIR KNOWLEDGE, SHARING YOUR VOYAGE.

Your experienced Seabourn Expedition Team is a select group of academics, scientists and general naturalists who share your passion for exploring and learning about the world's remote regions. They bring all their masterful scholarly accomplishments and their logistic skills to facilitate unparalleled experiences. On board, they provide expert insights into the biodiversity, ecosystems, physical science, history and culture of the places you visit, both in formal *Seabourn Conversations*® presentations and casual discussions over meals or at leisure. They also guide your off-ship expedition to enhance and enrich your interaction and engagement with destinations.

ROBIN WEST,
VICE PRESIDENT &
GENERAL MANAGER,
EXPEDITIONS

ROBIN WEST

Robin West is one of the most experienced and respected expedition leaders in the world. As Seabourn's Vice President and General Manager of Expeditions, he hand-selects our Expedition Leaders and team members to ensure you will benefit from their expertise in a variety of disciplines, as well as their passion for adventure and discovery. Originally from South Africa, Robin began his adventure travel career as a scuba instructor and dive tour operator. His zeal for adventure led him to expedition cruising, and over the past 18 years, he has joined a small group of elite expedition travel specialists who guide voyages to the farthest reaches of the world.

“We’re very excited to work together with an outfitter who has an established heritage and passion for innovation in the outdoor apparel industry — Seabourn and Helly Hansen have a shared view that the world around us has so much to offer, and with the right gear, travelers can enjoy these places no matter the conditions.”

—Robin West

EXCELLENCE IN THE EXTREME

Helly Hansen is the official apparel partner for Seabourn, making them the sole provider of outdoor gear for guests and the Expedition Teams. On our Winter Norway and polar expeditions, Seabourn will provide complimentary Helly Hansen parkas and backpacks as a gift to its guests. The Seabourn PolarShield® parkas have been custom-designed by Seabourn and Helly Hansen, featuring a Helly Tech® outer shell coupled with a removable insulator puff jacket inside. Seabourn WaterShield®, a custom-built waterproof backpack designed especially for Seabourn guests, will also be provided. Each item name includes the word “shield” to pay homage to the Seabourn brand shield in its logo.

Helly Hansen has been outfitting professionals working in the elements for 142 years since its founder, sea captain Helly Juell Hansen, created the first supple waterproof fabrics to keep his crew dry and protected. Helly Hansen gear is worn and trusted by explorers on oceans, mountains, and in some of the world's harshest environments.

The Expedition Team and guests will both be protected from the elements with Helly Hansen gear. Guests will receive Helly Hansen parkas and backpacks starting in the 2021-2022 Antarctica season aboard Seabourn Quest, with additional rollouts in 2021 in Norway and in the polar regions.

RENDERING OF THE RESTAURANT

UNRIVALED DINING EXPERIENCES AT SEA

Dining is an important facet of Seabourn's hospitality. Our skilled culinary team produces fresh, delicious and memorable cuisine equal to the finest restaurants anywhere, even as we sail in the most remote destinations.

Seabourn Venture offers guests an appealing array of tempting dining experiences, including:

THE RESTAURANT Fine dining in an elegant, open-seating dining room for breakfast, lunch and dinner

THE COLONNADE A more casual alternative for buffet or table service breakfast and lunch, and themed dinner served tableside, including family-style menus by Michelin-starred Chef Thomas Keller

THE PATIO Casual, alfresco dining for lunch, weather permitting

SUSHI IN THE CLUB A variety of sushi bites are freshly made to order every evening

SEABOURN SQUARE A sociable oasis serving delectable specialty coffees, pastries, sandwiches and homemade gelati throughout the day and into the evening

PANTRY IN THE BOW LOUNGE Help yourself to freshly prepared light fare and refreshments as you scan the horizon

CONSTELLATION LOUNGE The spot for early-risers' pastries and beverages, elegant afternoon Tea Time and cocktail-time tapas

24-HOUR IN-SUITE DINING Choose from a varied menu anytime, or have dinner from The Restaurant menu served course-by-course in your suite or on your veranda

All dining options are complimentary, as are fine wine pairings selected by our sommeliers. Cocktails and other beverages are also complimentary everywhere on board.
